# Thank you to Ingemanson

## letters to the editor

---

Your tireless efforts have finally paid off! You deserve more accolades than one person can give. I hope that you hear from each and every person who believed in the fight that you have marshaled.

You are an inspiration to those of us who believe that government must be constrained and limited. Thank you for all that you have done and I truly hope that you celebrate the Nevada Supreme Court decision with gusto! Cheers!
